

Cutters without impacts

These **enz golden jet[®]** rotating cutters work without impacts. The cutter heads are equipped with tungsten carbide and diamond tipped teeth, which are able to remove the most any kind of deposits.

Their field of application is versatile. Layers of mineral deposits, concrete or concrete sludges can be milled out with them as well as roots and wood.

Applications

- Concrete or concrete sludges
- Layers of mineral deposits
- Roots, wood

Working pressure up to 150 bar
